

CAP Student Advisory Council (SAC)

Meeting Minutes

DATE: 2022/06/12

Present: Julien-Pierre, Will, Samira K, R.M, Simone, Annie

Regrets: Valentina, S.E, Ben H, Eduardo, Turkuler

AGENDA

Event Updates:

- The workshops went well
- Few professors for lecture series replied back
- One of the lectures is scheduled for August 9th
- Adding more speakers to the spreadsheet from every field is required. Please do so, if you have any suggestions.

Website Updates:

- EDI committee sent a draft for the land acknowledgement
- If you have any ideas or suggestions regarding land acknowledgement email Will, R.M or Annie

Discord Updates:

- Beta is launched
- The dyno form is used for authentication
 - Students should enter the university email
- Undergrad and grad channels are separate and users will be redirected based on their response to the authentication
- Planning to collaborate with social media to plan a post about the discord
- To change from undergrad to grad a new form would be filled or students can change their roles on the discord. This is to be decided.

Quick Updates:

Prairie Recruitment

- Emails are sent out to the people that applied

University Interviews

- Türküler is doing the analysis for the interviews

Social Media Update:

- Advertisement for Scicomm events post was posted
- Valentina is working on the "What Happened in May" post, which will be posted shortly.
- Based on our research we couldn't find enough physicists who are part of the LGBTQ+ community. Therefore, we will reach out to scientists from other fields as well.

- There will be a collab with GEMINI on an interview-style reel. For this, students and faculty members from Ontario will be interviewed.
- Will suggest a new youtube project to create a series of 10-20 minute videos on various physics topics

Minutes submitted by: Samira K. (Secretary)
